“Q’Max Solutions made the 2011 Fast Growth 50 List”

In January 2011, Alberta Venture magazine released the list of “The Fast Growth 50” in Alberta. Q’Max Solutions was ranked 32 out of 50 companies on the fast growth list. Q’Max Solutions has previously made the list in 2008 and is proud to be on it again.

The list is produced annually by Alberta Venture and KPMG LLP. The list recognizes growth oriented businesses in Alberta. The Alberta companies are ranked on revenue, assets, profits, head count, and other criteria. The list represents a diverse number of companies in different industries. Q’Max continues to grow and our success will be evident in 2011.
