“Q’Max Solutions – Weyburn, Saskatchewan”

Q’Max Solutions Inc., is proud to announce the establishment of a new office in Weyburn, Saskatchewan. Q’Max Solutions is the largest Canadian based drilling fluids company worldwide with headquarters in Calgary, Alberta. Q’Max is an innovative industry leader, specializing in drilling fluids, and is committed to finding local solutions to local drilling challenges. Our Saskatchewan office is located at 910 Coteau Ave, Weyburn, SK.

Scott Gobeil, a Q’Max veteran with several years field experience, has taken on the role of Q’Max Solutions Local Area Coordinator. Scott, who is originally from Saskatchewan, is happy to get back to his roots. “Being back in Saskatchewan is what my family and I wanted,” Scott says.

For Q’Max, being an active and integral part of the community is an important aspect of operations. Being a good corporate citizen is a fundamental feature of the Q’Max business model and is demonstrated by the company’s ongoing support of local business. Q’Max has already begun actively supporting minor sports and community projects as part of its new relationship with the Weyburn area.
