“Q’Max Solutions – Alberta Venture 100”

Q’Max Solutions is proud to once again announce our inclusion in Alberta Venture magazine’s annual V100 list of top companies in Alberta. Each year Alberta Venture partners with PricewaterhouseCoopers LLP to celebrate and recognize the finest Albertan companies in various categories. This year Q’Max ranked 105th out of 200 of the largest Alberta companies with a 23% growth in revenue. In the Private Sector for largest companies, Q’Max Solutions ranked 25th out of 50. This recognition highlights Q’Max Solutions commitment to the energy industry and our dedication to the successes of our customers. Q’Max will continue to work towards our vision of being the industry “Go To” partner of choice. We want to thank PricewaterhouseCoopers LLP, and Alberta Venture, for continuing to recognize our successes within Alberta business.
